Let the Storm Break Loose.....

Greetings National Socialists and Patriots:

Today, 2009, presents the greatest opportunity ever for a National Socialist political Movement for America, a National Socialist Political Revolution for the preservation of our Culture, People, History, and most importantly, OUR WAY OF LIFE...

Every dynamic that played a part in the successful National Socialist Revolution in Germany is in motion today.

High unemployment, every month American loses over a quarter million jobs, rapid encroachment on our society by aliens and foreign influences as perpetrated by the Jews. Debt so high that for all intent and purposes it can no longer be counted. A Government attempted to prop up a system so corrupt and rotten that they no longer attempt to conceal their true colors.

Yet, despite these dynamics and the obviously solution that National Socialist solutions would bring, those in American that self identify as National Socialist or Nationalist realize little if any success. This is OUR OWN FAULT.

We have all the tools for success, a 2nd Amendment that allows us to get our message out and political participation, this is something that is not allowed in European Nations, yet Nationalist Parties in Europe are far more successful in Europe than they are in the United States, we must ask?

Why are Nationalist Parties in Europe, where they face jail and excessive regulation more successful? In recent European Parliament elections, Nationalist Parties swept the victories, while here in the United States, Nationalist Parties allows themselves to be manipulated by self styled demagogues, Leaders who uses their "Parties" as a means to subsidize their income or

STATE OF AMERICAN NATIONAL SOCIALISM AND NATIONALISM IN AMERICA (Cont)

operate web based thrift stores for trinkets and junk and have no real political message that can sustain any dialog of broad based issue discussion.

The European Nationalist Parties are quite the opposite; they operate on issues, not on cult of personalities and conspiracies and fear of the “Feds”. Nor do the European Nationalist Parties allow their ranks to be laden with criminals and foul mouthed fools who cannot speak in complete sentences.

We have our work cut out for us.

The many so called nationalist Parties and Groups in America have so harmed the image in American’s minds that when many Americans today think National Socialists or Nationalist, they think of the NSM type fool with their felony record, foul mouths, and extreme anti-social behavior.

Our challenge to re-launch American National Socialism as it really is.
We are true American National Socialists; we are the true Party of:

Family Values
Patriotism
Family First
American Jobs for Americans
America free of foreign influences
Cultural Preservation

We are a Party for people who are

Grown tired of the decline of our Nation
Grown tired of the decline and decadence of our Culture
Grown tired of and were revolted at the complete breakdown of our social structure
Grown tired of the foreign jewish influence and control over our once great America
Grown tired of watching hard working Americans suffer at the hands of a plutocratic system

Our Party will fight to end the moral corruption of our children, our women and our families under the disguise of “social progress” that has resulted in disease, illegitimacy, miscegenation, all of which equals social and racial genocide cleverly perpetrated by the jews and their useful idiot apologist agents.

In short, we National Socialists are not afraid to say ...NO

We will not allow our Nation and people to become a Latin-Afro-Third World Nation void of Culture, Beauty, and distinction and populated by a race of mix breed mongrels that have no history or self identity with the jews pulling the strings.

We will not stand by quietly and allow our Children to be relegated to history and America to go the way of Zimbabwe.

**STATE OF AMERICAN NATIONAL SOCIALISM AND NATIONALISM IN AMERICA
(Cont)**

We will not cede one inch of ground to Marxist political correctness. We are NOT ashamed of who we are, what we are and what we came from.

We will never take one step back, nor be intimidated, nor shy away from standing up for our People, our Nation, our Families, our Faith, and NOR OUR BELIEFS.

My fellow National Socialist Comrades.....

LET THE STORM BREAK LOOSE... the corrupt capitalist economic house of cards, so enjoyed by jew bankers and their little prostitute helpers is rapidly falling and try as they might, all the jews horses and all the jews men cannot put the broken humpty dumpty system back together again, WE WILL NOT LET THEM, we will not be enslaved again, **NOR WILL WE ALLOW OUR CHILDREN TO BE ENSLAVED BY A JEWISH PLUTOCRATIC SYSTEM OF CORRUPT MORAL AND ECONOMIC DECADENCE.**

We all know what the problems are, We American National Socialists love our Nation and we love our People, to achieve our goals, we must step up and clean our own house as well. Those that call themselves "Nationalists" and do and have done nothing and even worse obstruct the path to victory must be confronted as if they are the jewish agent provocateur that they are or act like. If you are not for and with your Folk, you are with the Jews.

The time is yours. What happens with it depends on You."

THE PROGRAM OF THE NSALP

The Program of the N.S.A.L.P. and its General Conceptions

National Socialism is nothing new to the United States. In fact, the first effective National Socialist political party came into existence when George Lincoln Rockwell raised the National Socialist banner and founded the American Nazi Party in 1959. Since the founding of the ANP, numerous other National Socialist parties and organizations have sprung up all across the country. Some have been somewhat effective in their local areas but most have never been especially diligent with regard to building what Americans know as a true political party with regard to modernizing, transforming, and molding National Socialism into what the NSALP calls American National Socialism.

Many of these parties or “education organizations” cling to the exact same points, policies, programs and modus operandi that the NSDAP used in order to influence the German people, and many others do not do much at all but collect dues and write a few articles here and there.

From its inception, the NSALP realized that clinging to the same formulae that helped the NSDAP come to power will not work for any National Socialist party in America due to the fundamental and temporal differences between the two countries. Neither will idleness and indolence work, for without an aggressive public education campaign utilizing the benefits of books, fliers, pamphlets, speeches, and interviews that aims to inform the people, no party will survive or much less attain any substantial ground in the political realm.

The NSALP has updated certain aspects of original National Socialism to better suit it to solve problems exclusive to America as well as to conform to the NSALP’s vision of an American Weltanschauung and how it plans to implement it and so the NSALP is proud to announce that it is the very first National Socialist political party in America to ever publish a book properly characterizing a National Socialist party and American National Socialism through

detailing its principles, political platforms, policies, and goals. Some examples of the content contained within are:

- The 25 Points of American National Socialism
- The Program Demands in Detail
- National Socialism & the State
- Why We Must Confront Jewry
- A Review of National Socialist Economics...and more.

The Program of the NSALP and its General Conceptions is not a historical treatise on National Socialism but an introduction to the NSALP and American National Socialism as set forth by the founding members of the party. The Program of the NSALP bypasses all criticism of National Socialism and gets right down to business in presenting it as a practicable system that, if only given a chance, could change the course of America and the destinies of Aryan Americans forever. The book discusses an updated 25 Point Program that acts as a guide for the NSALP's short and long-term goals and the American National Socialist economic, political, social, military, ethnic, and financial policies that explain in detail the vision of a National Socialist America.

Above all the book concisely presents American National Socialism and its potential to be a real and viable political and socio-economic solution to America's problems by demonstrating the dichotomies between National Socialism and the Jewish systems of Hyper-Capitalism and Communism. Every party member is encouraged to obtain a copy and to read it thoroughly in order to understand it completely. The book is can be purchased as an eBook (\$4.00), paperback (\$9.00), or hardcover (\$17.73) at <http://stores.lulu.com/nsalp>. All proceeds go directly to the party and are counted as donations.

NATIONAL SOCIALISM AND IMAGE

By: Dan Schruender
NSALP Director of Propaganda and Publications

Someone recently wrote a letter asking some very valid questions which I tried to give an answer to. I've edited his letter of all that was not relevant to this article.

I and others have talked about, would American white people, right now, accept National Socialism? Would Americans accept it?

What would it take to get people to wake up so to speak? It would have to be something on a large scale for sure. Like over running the United States Government? If perhaps each and every white man, woman and child stood up and said ENOUGH! WE WANT OUR COUNTRY BACK! That might work.

My hope and dream in my heart is to have National Socialism active and running this country. I can see the path that this country is on right now and it scares the living hell out of me. Is America ready for National Socialism for real? Will our countrymen take it? Will they accept it? We can do it, I think. What is it that we need to do more so to achieve it? This is something I ask myself almost on a daily basis.

This is all I can say in response to your letter comrade: You asked some excellent questions, comrade, and I wish I had some easy answers that would guarantee success. You are right. Our greatest problem is image. We have to show the people that we aren't what they think we are. We are not bigots blinded by hatred. We are not bloodthirsty monsters who want everyone whose different dead.

We must show them that we are basically ordinary people. We are fathers, mothers, brothers, sisters, sons and daughters who love their country and their people. All we want is for our country and our race is for them to thrive and grow.

To do this, we must never, never give even the remotest appearance of being what the media portrays us as: Nutballs running around in WWII uniforms shouting 'Sieg Heil' and 'White Power', and racist slogans. We must avoid making people think we are trying to recreate the Third Reich. Remember, the Third Reich was National Socialist, but all National Socialism isn't necessarily the Third Reich. Those days are gone, and will not return.

NATIONAL SOCIALISM AND IMAGE (Cont)

People must understand we love America. We want to remodel it along National Socialist principles, not destroy it, and create another Third Reich. We are patriots, not destructive revolutionaries like the Bolsheviks who destroyed the Russia they knew, and created a new one - a new one that turned out to be a miserable failure. We want to correct the problems this country is going through using National Socialist philosophy as a guide.

Bearing this in mind, we must at all times present ourselves as decent, respectable, law-abiding people. We must work at our jobs, or be looking for a job. We must care for our families, and help our people whenever possible. We must also look the part, as well. When you go out to hand out literature and talk to people, don't do it wearing jeans full of holes. Don't wear Heavy Metal T-shirts with skulls all over it. I'm not saying you must wear suits and ties, especially in the summer, but look presentable at all times. Avoid the appearance of being either a kook, or a bum. These things are turn-offs to the average person. The only ones you'll attract looking like that are real kooks and bums, which is exactly what we don't want. We want average, respectable people. To do that, we must look, and conduct ourselves as they would.

Also, when we are trying to talk to people, we must never sound like we're 'ranting'. If you do, people will turn away from you and say, "What a weirdo." Speak calmly and clearly. Make sure you've studied the facts so you'll sound intelligent, and not like a red necked hillbilly. Being armed with the facts AND making a good impression are our best tools. Use them well.

Remember the old saying: First impressions are lasting impressions. You only have one chance to make a first impression. Don't blow it.

WHY I BECAME A NATIONAL SOCIALIST AND NOT A NEO-NAZI

By Erik Barnhill- NSALP, Ohio State District

For over 50 years I have thought like most people did that the U.S. was always the good guys, that we had freedom in the press, truth in the TV news, we were like the good guys in the westerns and only helped others and don't forget we were told over and over we were free people! If you were a Republican then everything that went wrong was Democrats fault, if you were a democrat then it was those dam Republicans fault. Besides like most of us, I was just too busy just trying to make a living to care much. Then this past year I was on a blog and some guy was talking about how evil the Jews are. He made me think of this elderly man in my neighborhood, who I'll call Mr. J who was always talking about the Jews too. I got tired of it and told the guy on the blog he was wrong that the Jews were our friends. Fiends is more like it! He told me. He asked me to Google (The USS Liberty Cover-up) after reading it I was blown away! How could a story that big get covered up and why!? I started asking myself maybe what we were told about the Jews and Germany was not all true. Little did I know at the time most if not all was a lie told to us! That got me to digging on the web. I then found(The Liberation of the Camps: Facts vs. Lies) then I Goggled (Hideous Allied War Crimes During And After WWII)and(The Five Dancing Israelis Arrested On 9-11) I could go on and on, but you know them and more than me I'm sure. So Germany was not the bad guy it was made out to be! I started reading (Benjamin Freedman Warning America) and (David Duke Jewish Supremacism) I learned how U.S. has been given away in 1913 maybe before, but dam well for sure in 1913!! From 1913 to present we were and are being controlled! I felt a cold chill go down my spine. It felt like when as a kid you find out there is no Santa Claus. You feel crushed! We were not the good guys in the westerns anymore, but pawns for the bad guys! Germany was only trying to survive, not take over the world as we have been led to believe. I wanted to yell the truth from the roof top, as to what I have learned, but who would believe me? I got on as many blogs as I could, telling people the truth, or telling them to Google all I found out before the ZOG would block the web sites. I felt like one of my old ancestors, who back in the 1700,s printed a news paper about how the English were killing the Irish. By the way he was never caught though his house was raided many times looking for his press.

WHY I BECAME A NATIONAL SOCIALIST AND NOT A NEO-NAZI (Cont)

He hid his printing press, then got it over to the U.S. and kept on printing, sending the news back to Ireland! Sorry I just liked telling that story! In a way the Internet is our printing press of today. Only way to get the truth out to our brothers and sisters around the world. By the way if the hate crime bill 909 passes what we write here now will be a crime. Still think you are free? I knew our government was a pawn for the real Jewish government. Google (IS ISRAEL BLACKMAILING AMERICA?) I became a National Socialist as that is our only answer to stop what has happened to the U.S. The reason the Jewish controlled media keeps pushing how evil National Socialist or A. Hitler is that, they know the truth shall set you free! That scares the hell out of them. I got to thinking why would the Germans build camps to bring Jews into camp just to kill them? one bullet would do the job right? lot cheaper too. But if you wanted them out of your country because of there evil ways then you would build camps to house them until you could get them out! RIGHT!? So don't keep saying we should gas them all. It only makes us look bad and them look like the poor jews. By the way the elderly man I talked with in my neighborhood Mr. J. told me when he was young he was in Hitler's Youth. Poor guy was afraid to talk much about those days. I wanted to do a story on him, but he is reluctant to talk about those days. So I am brain picking him to find out as much as I can from that era. He takes what he calls a volks march ever day. Sometimes he talks of the way life was then and how the kids were as they are now. He told me how in 1945 ,he would take a train 23 kilometers then walk 11 more over to a farm to help pick hops for beer along with the other boys in the H.Y.M. One day they heard a loud sound in the sky, the boys asked "what was that!?" They were told by a guard that was watching over them it was Germany's new secret weapon. It was the Me 262. He looked at me and I could see tears in his eyes. He also told me how Germans were hung here in the U.S. back then , just for being German! I asked him how the neo Nazis of today are compared to the Germans of the past. He shook his head and told me they only want to fight. He told me Germany did not want to fight, but they had too! I may piss some people off by saying this I became a National Socialist then and not a neo Nazi but who would be upset? Just Jews because Neo Nazis make Jews look good and us look bad. Think about it! Also do you think the NSDAP would welcome the way neo-nazis act? Out of all the so called National Socialist groups out there. Name one where the chairman calls you up to ask how your family is! None that I know of! Name one where the Chairman takes time to send you a picture and a poem A. Hitler wrote, just because he thought you may like it? None I know of, Do you? We don't know of any other than the NSALP that are real. I became a National Socialist in my heart before I found the NSALP. Also I found out about the NSALP from a guy on a blog too! My God a real National Socialist party that is not a joke web site to sell some crap, a real party! If that does not make you proud to know there still is hope for the U.S. I don't know what will! As I find more and more reasons on the net, I am very glad that I became a member of the NSALP .Also please blog as many people as you can, that's how I became a member of the NSALP. Its not enough for us to just get together and talk to ourselves ,but we must blog or tell as many other people that don't know the truth as we can, not showing hates other so called groups do ,but to show the truth of being a National Socialist. THE INVASION OF AMERICA, PART ONE

Dan Schruender
NSALP Director of Propaganda and Publications

Recently, thousands of immigrants have marched in the streets of America demanding that we just hand them citizenship. Am I not understanding something here? These people have come here illegally. That is against the law. People who break the law should go to jail, especially if they are repeat offenders, like most illegal immigrants. Coming to this country without permission is illegal. Their reasons for doing this are irrelevant. It is still against the law. No excuses!

There are an estimated 20 million illegal immigrants already here, whom BOTH the Democrats and the Republicans insist should have legal status. Their own countries are poor and in most cases corrupt, but like rats deserting the sinking ship, they come here illegally for a better life, rather than trying to improve their homelands. For example, the poverty and corruption in Mexico will never end unless the Mexican people do something about it themselves. Vote out the corrupt politicians. Even revolt, if that's what it takes for the people to get justice. But they have to be in their own countries to accomplish this.

What about poverty? NAFTA has provided a South of the Border workforce that pays slave wages. How do these greedy industrialists get away with this? The Mexican government allows their people to be exploited by American big business because these companies are paying Mexican officials huge sums of money.

Of course the Mexican people are partially to blame. Why? Because they allow themselves to be used by greedy big business. I realize that many people are desperate, but they have to break away from the attitude that a small paycheck is better than no paycheck. Big business counts on this way of thinking to get cheap labor. Mexicans and other people of Third World Countries have to stand together, be firm and say to these Exploiters of human misery, "We are people too! We matter! You can't treat us as little better than slaves, especially when this is our country, and YOU are the foreigners! We demand decent pay, fair benefits (insurance, sick pay and vacation pay which many not only don't get, but haven't even heard of), and most of all our dignity!" Until they can make this happen for themselves, they will always be exploited by foreign businesses in their own land. But again, they can't make this happen if they are continually running our borders, rather than staying in their homelands.

People have suffered and died for these things and not just in the USA. Look at Gandhi in India, the human rights demonstrations in China, and many other places. But are most Mexicans willing to suffer

THE INVASION OF AMERICA, PART ONE (Cont)

and maybe die to improve their country? No they are not. They cut and run illegally to the USA. Many refuse to learn English, and proclaim that it is their right not to. Every country in the world requires immigrants to learn their language - except here in America. The liberal left says that that would be unconstitutional, because we are a nation of immigrants. So is Canada, and so is Australia, to name two, and they require immigrants to learn the language. In a way, so is Mexico. The original inhabitants of Mexico were Aztec Indians. Then the Spanish came, bringing with them the Spanish language. You have to speak Spanish to become a Mexican citizen, and Spanish is the Official Language of Mexico. But if we as Americans want to designate English as our Official Language, the Mexicans call that unfair! Why? If

they can do it, why can't we? In Mexico, it is illegal to fly the American flag in public, and they don't think there is anything wrong with that. But they fly the Mexican flag in public in the United States and say it is their right to do so. Why can they ban the American flag in Mexico, but we can't ban their flag here?

If they love their homeland so much, they should go back there and try to improve it, instead of coming here, paying no property or income taxes, yet drain our public services such as hospitals and schools. Why should we educate their children when they do not pay taxes (except sales and gas tax which do not go to our schools and hospitals)? We can't let them be our problem. Ninety percent of the population of Third World Countries exists below the poverty level. Are we to be responsible for all these people? We have children who were born in this country who go to bed (if they have beds) hungry every night. Many die of malnutrition. Many are homeless. We should be helping these people first, instead of foreigners. So why aren't we? Big business doesn't want us to. These immigrants are a vast source of cheap labor for them to exploit. We as Americans must stop this corporate greed, and eliminate the poverty of our own people, before we can even think about helping foreigners.

I was present at the immigration reform march on May 1, 2008, in Los Angeles, California, and I witnessed several Mexicans holding up a banner that read, "THIS IS OUR CONTINENT - NOT YOURS!" That sounds like a racist statement against Whites to me. But it seems nowadays, racism against Whites is perfectly acceptable, but the other way around is completely intolerable. Can anyone, especially a non-White explain to me why?

AMERICA'S ECONOMY IN THE NEW CENTURY

Submitted by Leslie McKenzie, NSALP-Georgia

In this first decade of the 21st century there has been no increase in the real incomes of working Americans. There has been a sharp decline in their wealth. In the 21st century Americans have suffered two major stock market crashes and the destruction of their real estate wealth.

Some studies have concluded that the real incomes of Americans, except for the financial oligarchy of the super rich, are less today than in the 1980s and even the 1970s. I have not examined these studies of family income to determine whether they are biased by the rise in divorce and percentage of single parent households. However, for the last decade it is clear that real take-home pay has declined.

The main cause of this decline is the off shoring of US high value-added jobs. Both manufacturing jobs and professional services, such as software engineering and information technology work, have been relocated in countries with large and cheap labor forces.

The wipeout of middle class jobs was disguised by the growth in consumer debt. As American's incomes ceased to grow, consumer debt expanded to take the place of income growth and to keep consumer demand rising. Unlike rises in consumer incomes due to productivity growth, there is a limit to debt expansion. When that limit is reached, the economy ceases to grow.

The immiseration of working people has not resulted from worsening crises of over-production of goods and services, but from financial capital's power to force the relocation of production for domestic markets to foreign shores. Wall Street's pressures, including pressures from takeovers, forced American manufacturing firms to increase shareholders earnings. This was done by substituting cheap foreign labor for American labor.

Corporations off shored or outsourced abroad their manufacturing output, thus divorcing American incomes from the production of the goods that they consume. The next step in the process took advantage of the high speed Internet to move professional service jobs, such as engineering, abroad. The third step was to replace the remains of the domestic work force with foreigners brought in at one-third the salary on H-1B, L-1, and other work visas.

This process by which financial capital destroyed the job prospects of Americans was covered up by free economists, who received grants from off shoring firms in exchange for propaganda that Americans would benefit from a New Economy based on financial services, and by shills in the education business, who justified work visas for foreigners on the basis of the lie that America produces a shortage of engineers and scientists.

The financial oligarchy is hyping a recovery while American unemployment and

AMERICA'S ECONOMY IN THE NEW CENTURY(Cont)

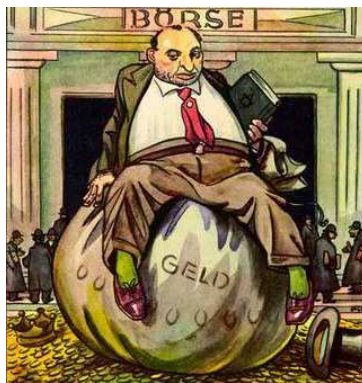

home foreclosures are rising. The hype owes its credibility to the high positions from which it comes, to the problems in payroll jobs reporting that overstate employment, and to disposal into the memory hole of any American unemployed for more than one year.

On October 2 statistician John Williams of shadowstats.com reported that the Bureau of Labor Statistics has announced a preliminary estimate of its annual benchmark revision of 2009 employment. The BLS has found that employment in 2009 has been overstated by about one million jobs. John Williams believes the overstatement is two million jobs. He reports that the birth-death model currently adds [an illusory] net gain of about 900,000 jobs per year to payroll employment reporting.

The non-farm payroll number is always the headline report. However, Williams believes that the household survey of unemployment is statistically sounder than the payroll survey. The BLS has never been able to reconcile the difference in the numbers in the two employment surveys. Last Friday, the headline payroll number of lost jobs was 263,000 for the month of September. However the household survey number was 785,000 lost jobs in the month of September.

The headline unemployment rate of 9.8% is a bare bones measure that greatly understates unemployment. Government reporting agencies know this and report another unemployment number, known as U-6. This measure of US unemployment stands at 17% in September 2009.

When the long-term discouraged workers are added back into the total unemployed, the unemployment rate in September 2009 stands at 21.4%.

The unemployment of American citizens could actually be even higher. When Microsoft or some other firm replaces several thousand US workers with foreigners on H-1B visas, Microsoft does not report a decline in payroll employment. Nevertheless, several thousand Americans are now without jobs. Multiply this by the number of US firms that are relying on body shops to replace their US work force with cheap foreign labor year after year, and the result is hundreds of thousands of unreported unemployed Americans.

Obviously, with more than one-fifth of the American work force unemployed and the remainder buried in mortgage and credit card debt, economic recovery is not in the picture.

What is happening is that the hundreds of billions of dollars in TARP money

AMERICA'S ECONOMY IN THE NEW CENTURY(Cont)

given to the large banks and the trillions of dollars that have been added to the Federal Reserves balance sheet have been funneled into the stock market, producing another bubble, and into the acquisition of smaller banks by banks too large to fail. The result is more financial concentration.

The expansion in debt that underlies this bubble has further eroded the US dollars credibility as reserve currency. When the dollar starts to go, panicked policy-makers will raise interest rates in order to protect the US Treasury's borrowing capability. When the interest rates rise, what little remains of the US economy will tank.

If the government cannot borrow, it will print money to pay its bills. Hyperinflation will hit the American population. Massive unemployment and massive inflation will inflict upon the American people misery that will destroy the fabric of middle class America.

Meanwhile America's economists continue to pretend that they are dealing with a normal postwar recession that merely requires an expansion of money and credit to restore economic growth.

Jews, why don't you leave us alone?

Excerpts from page 8 – 21 of a book by Hans Schmidt (1999)

We don't need you to create a life of happiness and prosperity for us. We lived very well without you wherever we have populated this planet . The last only White place on the earth, little Iceland, is well-ordered, criminality is practically spared in a society our Aryan peoples create, if no Jew is implanted in important positions. Most other White nations of the globe are in constant decline, because of the local Jews occupying positions to which they have no right, either because of their race, religion and culture or because of their negative talents or their character.

We don't need your politicians or your political system you have devised in order to promote your interests, which is foreign to us, through and through, because it is based on lies and deceit, corruption, terror and hypocrisy. For countless centuries, our ancestors did very well without you. They governed themselves by a form of government that corresponded to their needs, wishes and preferences.

We don't need your warmongers of the ilk of the late Walter Lippman, Samuel Untermyer, Rabbi Stephen S. Wise, Ilja Ehrenburg and cohorts that you needed to conjure up an anti-German war-hysteria among Americans, Russians, and other nations, whenever it suited your objectives. Be assured that our Aryan nations would have fared better if they had known the simple fairness of truth. For only truth would have made a lasting peace possible, but the truth is not in your interests, - or was it ever?

We do not need your countless "experts" in the press, television and radio media to convey to us the world's events from a Jewish point of view, and to instruct us about how we can shape our lives happier. Before you numerously nested amongst us, our peoples were religious, cheerful and far more satisfied than they are today. Neither do we need your race mixing apostles, multi-cultural fanatics, "liberals", integration-propagandists, socialistic pseudo-humanists, and itinerant preachers of "diversity".

We don't need your financial tycoons. Most humans would be better off if there were no Baruchs, Schiffs, Greenspans, Rubins, Milkens, Soros, and other Jewish finance kapitalists, whose principal aim obviously consists in creaming off the riches created by others. Imagine how much happier the masses of Asia and of the former Soviet Union would be today, had Georg Soros, who, undoubtedly with active help of his tribal brothers, felt a greed for still larger treasures and brought the currencies of Asia and Russia to a collapse. For him, who had stolen one Billion, it was the easiest thing to donate one hundred Millions and than act as a philanthropist.

We don't need the Jewish pillarists of our times, neither Albert Einstein, nor Siegmund Freud, nor Karl Marx. The damage they have caused against Mankind – mostly with glad support of all of

Jews, why don't you leave us alone? (Cont)

Jewry – is hardly fathomable. We still have our own Greats, like Luther, Kant, Schopenhauer, Nietzsche, Heidegger – to just mention a few of the important ones amongst thousands.

We don't need your ministers to govern us, nor your ambassadors to represent us, nor your anonymous administrative officers to give us instructions about how we have to behave in a land mainly cultivated and developed by Anglo-Saxons and Germans.

We don't need your art dealers, art experts, and art critics, who are all so eager to warp the perception of our nation's masses, by destroying their healthy, instinctive ability of distinguishing between what is beauty and/or what is ugly. Without your tribe brothers in the art business truly great Aryan artists might get a chance again to create masterpieces which will exist for centuries, even millennia.

We don't need your music, neither do we need Schönberg, Mahler, nor Bernstein, and we can do without the propaganda instilled in your "Fiddler on the Roof". Much less do we need the designated trash, which you force upon our youth these days – or the "music" which is only terrible, soul-destroying noise, like Rap or Hard Rock. Listen to Wagner's Tannhäuser, Beethoven's ninth Symphony, Thus spoke Zarathustra by Richard Strauss, or the melodies of Mozart, and you will understand, what I talk about. No Jew would be able to create anything nearly equivalent, not even Mendelssohn, who was one of your best.

We don't need your sculptors, painters, and architects. Look at the bloody nonsense your figureheads produce and propagate for a short while – if you can endure that. Look especially at your sickly Holocaust "Art". Then compare this trash with the works of the old Greeks, Romans, with Michelangelo, Rembrandt, Dürer, Tizian, Breker, Wren, Schinkel, and many others truly great artists of our race.

We don't need your loan sharks, gangsters, gambling den owners, pimps, porno kings, or receivers of stolen goods, and drug pushers. There are still zones in some Aryan countries, where these "trades" are illegal, and everyone knows their criminality rates are low. We willingly grant that without organized crime there will be less work for Jewish Judges, lawyers and professors of jurisprudence, who no longer teach truth and justice, we can do without them very well.

Before you were made to wander amongst us, Nuremberg, Augsburg, Leipzig, Venice and Milan were blossoming trade centers. We did not need your Jewish "Wholesalers forced upon us. Wheat from Poland and the Ukraine reached Western Europe for a long, long time without Jewish grain dealers making unfair profits. Scottish whiskey was shipped to every corner of the world, before any one had heard of the Bronfmans.

We don't need your inventors and inventions. All great inventions, which have basically altered our daily lives – motor cars, air planes, Television, moon rockets, computers, electro microscope, just to mention a few examples – are owed to Aryans. The Jewish invention most pregnant with consequences is the atomic bomb, which will probably be your end doom.

We don't need your Hollywood and all that it stands for. We don't need your writers, or your film stars to memorize your propaganda. The damage you have caused in Aryan souls with the flood of your Hollywood-style produced films and telecasts is monstrous. The calamitous intent these productions are to our young generations, is well known to you, for why would you otherwise declare the question taboo, while so many children and youths murder their class mates and teachers?

Jews, why don't you leave us alone? (Cont)

We don't need your rabbis, to preach to us brotherliness, tolerance, and understanding of diversity, while they themselves – and you – are the most bigoted and intolerant people in this world. How many Goyim do you tolerate at the helm of the ADL, the American Jewish Congress, the Wiesenthal-Center or any other Jewish organization? Not one? Where does that leave your brotherliness, your tolerance, and your understanding of diversity?

We don't need your host of professors and teachers, who brainwash our children so intensively that they don't know anything of our grandiose past and instead develop a preference for immorality, arrogance, dishonesty, and crudeness. With your united forces you succeed to confuse our young people so much, that they, even though the untruth of these allegations is so obvious. We don't need your teachings that there is no difference between races, nations, tribes and individuals – except the naturally super race of the Jews, and ram it down our throats that they are God's chosen people, and it is actually believed by the misguided innocent people because the Jews won't tolerate any contradiction against this arrogant claim.

We don't need your abortion-“doctors”. How many innocent white children has your "holocaust in the womb," brought death to? One single Jewish “doctor” in Canada, Dr. Morgenthaler – on top of all a “holocaust-survivor”! – admitted in October 1998 to have executed at that time not less than 65,000 abortions, and without doubt most of these “patients” have been Aryan women. What drives your medicos to this shameful trade in droves? Does only the prospect of a fast buck motivate them, or perhaps they enjoy the killing of each Aryan fetus, which in a way is another future adult prevented to develop worthy of hate by the Jews?

We don't need your professional “Holocaust-survivors”, a la Elie Wiesel and Simon Wiesenthal, who have created for nearly a century of swindle. To use the words of Professor Arthur Butz: The insidious mixture of facts and fiction has led to the development of a fable which will be classed in the centuries to come as the most impressive example, even though only for a short time, as the most successful propaganda coup of worldwide proportions.

We don't need your Talmud laws. Many of them are in abrupt contradiction to natural laws. Your free and easy application of retroactive enacted laws and your disregard of the proven principle of limitation are wholly abhorrent to us, even though you dress these machinations in the alleged striving for justice. Before you succeeded in influencing the administration of justice in other countries of the occidental society, in times of wars, there never had been people persecuted for war-time actions committed more than 50 years afterwards.

Your OSI – an organization founded at the instance by Jews for the persecution of alleged “Nazi-criminals”- constitutes one of the most evil examples for this unjust application of your perfidious laws, which only and solely serve the revenge requirements of a very specific group of people who believe that they are superior. We don't need your jurists, no matter if they work for private persons, companies, or the government of a nation, to inflict such great damages as the Jewish (or the non-Jewish, indoctrinated with Talmudic world view upon innocent people.)

A single group of professionals jurists in the United States has taken over Harvard, today's Jewish stronghold that was an unequalled better university, before it became swamped with Jewish students and training staff. It would have been better to have introduced a “numerous clauses” for the latter.

We don't need your scientists. The question arises, how many potentially great discoverers and inventors of our peoples were never in a position to develop their abilities, because too many

Jews, why don't you leave us alone? (Cont)

Jews at too many universities have occupied these places to study, for which ours had a legitimate claim!

We don't need your military, however strong. You don't possess a great military tradition and no commanders such as Frederick the Great, Napoleon, Wellington, Hitler, Nelson, Robert E. Lees, Nimitz etc. Your demand that young women are drafted for war at the side of young men, and your instruction, that homosexuality be tolerated in the army as "alternative sexual orientation", is ruining our forces.

We don't need your psychiatrists, psychologists, school advisors, and comforters of lonely hearts. Our peoples were far more happy and healthier in their souls without their sordid advice. You have undermined the healthy values of our people with your immoral, unethical, and nihilistic television and radio, with your "educational programs", and your media-propaganda, and therewith disintegrated the family as the basic building block of society.

We don't need your Spielbergs, Katzenbergs, Eisners, and consorts. None of your film producers surpasses ours, like David W. Griffith, Walt Disney or Leni Riefenstahl in artistic ability and talent.

We don't need your fashions, which you want to make so clandestinely palatable to us. Are you proud of the fact that today, as a product of your cunningly operated brainwashing, hundreds of millions now wear "progressive" garments like Blue Jeans, which in earlier days were only worn to clean out the stable or to perform other dirty jobs? The result of your propaganda have made these people, who otherwise reject any type of uniform, slip gladly into a grubby uniformity, which embodies not freedom and individualism, but anarchy, "political correctness" and slavish conformism.

We don't need your philosophy of "Tikkun olam", the believe that you of all people will make the world perfect again, or can create a perfect world. Please, recall that you couldn't exist, contrary to us, should you depend on yourselves! You would perish! Your parasitic Zionist state in the Middle East, the Jewish state Israel, couldn't survive a year without financial help from outside – namely without the support of the USA and the German tribute payments. And with the help such a people the world will recover?

We are not in need to have our people indoctrinated by you, with complexes of guilt, the eternal self-proclaimed victims of alleged intolerance. What has happened to you in the past was mainly an act of self-defense to your evil plots. Separate yourself from us – we let you part undisturbed! – and you will most probably never have to suffer again. Left to your own devices you will have an opportunity to create the worldly paradise of your dreams.

We don't need your eternal calls for change, or progress, or reform, or growth, or revolution. Our people are more often quite content with their lives than one expects, and your incessant attempts to destroy existing happiness with a hint to a future cockaine doesn't achieve anything but unhappiness and mental unrest.

We freely admit that you are phenomenal conniving politicians. You are as determined as nobody else in this world to perfect your political destiny over thousands of years, and you have the great advantage that no guilty conscience worries you if others suffer because of your actions. You understand in an admirable way to play out one side against the other. That's why parliamentary "Democracy" is your element. You bribe politicians and judges; you lie to voters and create tensions which never existed before. You incite son against father, daughter against

Jews, why don't you leave us alone? (Cont)

mother, brother against brother; you incite whole tribes, peoples, and nations against each other while creating chaos around the world.

Observing you and your doings for no one can deny their amazement how you create phony values out of nothing with ease and how you muck-rake real values until they become worthless. Your talent for distracting the attention of the non-Jewish masses from the really important questions of life with your slippery tricks is really amazing. But as your stock exchange speculators can only create the illusion of wealth, so can your uncontested political nimbleness only create the illusion of freedom. With all your alleged intelligence and political fare-sightedness you really are convinced by the misconception to be able to create a better world for everyone, whilst in reality you achieve evilness to destroy everything you touch. Why should we take pity on you!

Do you really not notice how you suffocate us? With you around us we can't breathe, and our creativity is heavily impaired. Your people prove to be the masters of obfuscation, lie, deception, and dishonesty, by supplying us with selective information. Your efforts to alter the Aryan soul by manipulation can only create dissension and discord. In spite of you knowing us so well, you will never understand us after all, as we will never understand you, and there lies the danger.

We know that you take yourself for the most precious and most clever people on this earth, and you imagine enriching our life exceedingly. If we want to think rationally, we have to weigh one evil thing against the other: Your undeniable talent in some areas on one side against the devastating influence which you have collectively used to all possible aspects of our life. The worst is that your endeavors and objectives are directly opposite to our ideal of a fulfilled life.

We know that you have been persuaded that we hate you and that most of you believe this. For this reason your fanatic activists have undermined our constitution with so-called laws against "Incitement to hate", which have been only adopted to secure you all sorts of advantages. But honestly: We don't hate you. We hate your evil lies and the dishonest characteristic of your being. We hate your despicable actions. We hate that you collectively as a national and religious community want to force your immorality upon us; we hate your complete absence of ethical values, your weird, archaic ideology. We hate it when you fatten yourselves on the fruits of our labor and then claim it to have been achieved with your own efforts. We especially hate what you do to our children.

Therefore let it be known to you: Disappear out of our lives! Leave us simply in peace! You regard yourself as being superior to us and claim to be God's own people. Demonstrate to us what you can do by forming a living state with your own strength; the parasitical state of Israel is evidently no such thing. When you depart, take all gold and all diamonds with you, which you have collected so eagerly; we don't need them. But let's exchange our cultural possessions: You take your Picassos, Oldenburgs, Rothkos, Warhols, and Epsteins with you and give us back our Rembrandts, Tizians, Dürers, Holbeins, and Michelangelos. An honest deal!

We give you what you fancy and we get back what delights our hearts – works of art, which reflect our mental needs. Just imagine, you can keep all of your "magnificent" abstract art, including all of the Holocaust memorials, just for yourselves! This should make you actually blissful! Our sincerest wishes will be with you, and we make a most solemn promise to never overrun you with a war and demand no part of your wealth, which you will – we hope – create for yourselves with your own power in some far-off land you can turn into an empire without killing innocent people and taking away their land and possessions!

THE AMERICAN HEALTHCARE DEBATE AND NATIONAL SOCIALISM

Christopher Krebs, General Chairman, NSALP

The United States has become a Third World Country in the last 20 years as a result of the regimes of Reagan, Bush I, Clinton, Bush II & now Obama. Neither the Democrat or Republican and their commitment to a plutocratic system controlled by jewish corporate interests have had the best interests of every day Americans at heart. The primary weapon used to destroy American Infrastructure, Manufacturing and heavy and light Industry as well as Tool and Die Making, Smelting, and thus our Export Market and high paying jobs, has been financial incentives paid to multinational corporations to layoff American workers and move factories to foreign countries, India and China, in an effort to take advantage of "cheap labor". These corporations are economic terrorists and traitors to our Nation and people.

The goods made by foreign labor is IMPORTED back to the United States and sold to our now laid off American workers for the same prices when "Made in America. The solution to correct this treason is set forth in the NSALP's 25 Points of American National Socialism and the NSALP's Initial Steps to Government for the United States. Under a National Socialist Government, the Charter of these multinational corporations would be Revoked, Assets Frozen and or seized, and a new Board of Directors put in place that will run the corporations as American domestic enterprises. Interestingly, each State possesses the legal power to return these multinational corporations to domestic enterprises, so far no State has done so, wonder why?

Meanwhile in the course of the current Healthcare Debate, the Republicans are accusing the Democrats of being National Socialists. The Republicans, to please their jewish benefactors, would like to privatize every aspect of public health care and force everyone to buy health insurance from some private corporation under the laissez-free terms of the now defunct Capitalist, Milton Freedman. Freedman's system is nothing more than Corporate Fascism, something that Adolf Hitler & the NSDAP absolutely hated. The real NSDAP/National Socialist public health program, stated as follows:

Public Health

"Only he who keeps his strength can accomplish anything. For this reason, everything possible is done to increase the strength of the individual, whether through vacations, "Kraft durch Freude," sports, or other means. Since one's strength must be used on behalf of the whole German people, National Socialism cannot recognize the principle: "Your body belongs to you." The body, the health of the individual, belongs to the whole people! It is therefore not a private matter if one ruins his body through drugs or diseases that result from carelessness or an unhealthy lifestyle. Health is not only the most valuable possession of the individual, but also of the whole people.

THE AMERICAN HEALTHCARE DEBATE AND NATIONAL SOCIALISM(Cont)

In preserving health, National Socialism is following fundamentally new ways of thinking. In the past, one understood health care as caring for those who were ill. Enormous means were used. And in certain circles, the ill were the model of humanity, at the center of all action and thought. No one made the effort to find the roots of illness, or to consider: "How could we stop illness at its start, or at least limit it as much as possible?" The means used by National Socialism must, of course, be used to heal and care for the sick, as always has been done. **However, the main focus of our health care system is avoiding illness, and maintaining the health of the individual. We include here not only the work of the doctor in the National Socialist state, but also the whole work of the NSV,** which the Führer created largely for this purpose. The sterilization of genetically ill people only serves the purpose of protecting the German people from illnesses. Sterilization is not a judgment on those it affects. To the contrary, we appeal above all to their sense of community, to their knowledge that it must be their duty to subordinate their personal interests to those of the community. If they fulfill their duty, the community must ensure that they receive the appropriate respect. Those circles that consider such a requirement as inhumane may be reminded that they considered it not only not to be humane, but even pleasing to God, when people once tortured themselves and disfigured their bodies for religious beliefs. From a practical point of view, they benefited no one, but rather only harmed their own bodies, whereas sterilization promotes the health of the people, indeed the health of the whole of humanity.

The responsibility that National Socialism takes for the individuals of its people cannot be better understood than through the fact that "public health" is a fundamental principle of the National Socialist worldview."

Adolf Hitler tells us what National Socialism is.....

Adolf Hitler Quote for November 2009.....

The Fuhrer on the Meaning of National Socialism: *“Socialist, I define from the word “social” meaning in the main “social equality”. A Socialist is one who serves the common good without giving up his individuality or personality or the product of his personal efficiency. Our adopted term “Socialist” has nothing to do with Marxian Socialism. Marxism is anti-property, true socialists is not. Marxism places no value on the individual, or individual effort, of efficiency; true Socialism values the individual and encourages him in individual efficiency, at the same time holding that his interests as an individual must be in consonance with those of the community. All great inventions, discoveries, achievements were first the product of an individual brain. It is charged against me that I am against property, that I am an atheist. Both charges are false”.*

CORRECTING THE RECORD.....

Jewish Declarations of War Against Germany

“Judea Declares War on Germany! Jews of all the World Unite! Boycott of German Goods! Mass Demonstrations,..!”

These were all headlines in the Daily Express on March 24, 1933.

“The Israeli people around the world declare economic and financial war against Germany. Fourteen million Jews stand together as one man, to declare war against Germany. The Jewish wholesaler will forsake his firm, the banker his stock exchange, the merchant his commerce and the pauper his pitiful shed in order to join together in a holy war against Hitler's people.”

- Daily Express, March 24, 1933.

“Each of you, Jew and Gentile alike, who has not already enlisted in this sacred war, should do so now and here. It is not sufficient that you should buy no goods made in Germany. You must refuse to deal with any merchant or shopkeeper who sells any German-made goods or who patronizes German ships or shipping.... we will undermine the Hitler regime and bring the German people to their senses by destroying their export trade on which their very existence depends.”

- Samuel Untermyer, in a Radio Broadcast on WABC, New York, August 6, 1933. Reported in the New York Times, August 7, 1933.

Joining with Samuel Untermyer in calling for a war against Germany, Bernard Baruch, at the same time, was promoting preparations for war against Germany. “I emphasized that the defeat of Germany and Japan and their elimination from world trade would give Britain a tremendous opportunity to swell her foreign commerce in both volume and profit.”

- Baruch, The Public Years, by Bernard M. Baruch, p.347 (New York: Holt, Rinehart and Winston, 1960).

Samuel Untermyer was a Jewish leader and close friend of presidents Wilson and Roosevelt. Bernard Baruch was a presidential adviser to Wilson, Roosevelt and Truman.

“This declaration called the war against Germany, which was now determined on, a 'holy war'. This war was to be carried out against Germany to its conclusion, to her destruction” (Diese Erklärung nannte den Krieg gegen Deutschland, der nun beschlossen sei, einen heiligen Krieg. Dieser Krieg müsse gegen Deutschland bis zu dessen Ende, bis zu dessen Vernichtung, geführt werden).

- Dr. Franz J. Scheidl, Geschichte der Verfemung Deutschlands.

“War in Europe in 1934 was inevitable.”

- H. Morgenthau, Secretary of the U.S. Treasury, Hearst Press, September, 1933 (also quoted in “The Palestine Plot” by B. Jenson, p. 11).

“For months now the struggle against Germany is waged by each Jewish community, at each conference, in all our syndicates, and by each Jew all over the world. There is reason to believe that our part in this

struggle has general value. We will trigger a spiritual and material war of all the world against Germany's ambitions to become once again a great nation, to recover lost territories and colonies. But our

Jewish interests demand the complete destruction of Germany. Collectively and individually, the German Nation is a threat to us Jews”

- Vladimir Jabotinsky (founder of the Jewish terrorist group, Irgun Zvai Leumi) in Mascha Rjetsch, January, 1934 (also quoted in “Histoire de l'Armée Allemande” by Jacques Benoist-Mechin, Vol. IV, p. 303).

“Hitler will have no war (does not want war), but we will force it on him, not this year, but soon.”

- Emil Ludwig Cohn in Les Annales, June, 1934 (also quoted in his book "The New Holy Alliance").
“We Jews are going to bring a war on Germany.”

- David A. Brown, National Chairman, United Jewish Campaign, 1934 (quoted in “I Testify Against The Jews” by Robert Edward Edmondson, page 188 and “The Jewish War of Survival” by Arnold Leese, page 52).

“We want to bring about a deep hatred for the Germans, for German soldiers, sailors, and airmen. We must hate until we win.”

- Lord Beaverbrook, quoted in “Niemals!” by Heinrich Goitsch.

“There is only one power which really counts. The power of political pressure. We Jews are the most powerful people on earth, because we have this power, and we know how to apply it.”

- Vladimir Jabotinsky, Jewish Daily Bulletin, July 27, 1935.

“Before the end of the year, an economic bloc of England, Russia, France and the U.S.A will be formed to bring the German and Italian economic systems to their knees.”

- Paul Dreyfus, “La Vie de Tanger” May 15, 1938.

On the 3rd of June, 1938, the American Hebrew boasted that they had Jews in the foremost positions of influence in Britain, Russia and France, and that these “three sons of Israel will be sending the Nazi dictator to hell.”

- Joseph Trimble, The American Hebrew.

“Germany is our public enemy number one. It is our object to declare war without mercy against her. One may be sure of this: We will lead that war!”

- Bernard Lecache, the president of the “International League against Racism and Anti-Semitism,” in its newspaper “Droit de Vivre” (Right to Life), 9 November, 1938.

“The war now proposed is for the purpose of establishing Jewish hegemony throughout the world.”

- Brigadier General George Van Horn Mosely, The New York Tribune, March 29, 1939.

“I wish to confirm in the most explicit manner, the declaration which I and my colleagues made during the last months, and especially in the last week: that the Jews “stand by Great Britain and will fight on the side of the democracies.” Our urgent desire is to give effect to these declarations.

We wish to do so in a way entirely consonant with the general scheme of British action, and therefore would place ourselves, in matters big and small, under the co-ordinating direction of His Majesty's Government. The Jewish Agency is ready to enter into immediate arrangements for utilizing Jewish manpower, technical ability, resources, etc."

- Chaim Weizmann, President of the World Jewish Congress, Head of the Jewish Agency and later President of Israel, the London Times, September 5, 1939, and the London Jewish Chronicle, September 8, 1939.

"The millions of Jews who live in America, England and France, North and South Africa, and, not to forget those in Palestine, are determined to bring the war of annihilation against Germany to its final end."

- Central Blad Voor Israeliten in Nederland, September 13, 1939.

- Schalom Asch, Les Nouvelles Littéraires, February 10, 1940.

"In losing Germany, Jewry lost a territory from which it exerted power. Therefore it was determined to re-conquer it."

- Louis Marschalko, "The World Conquerors : The Real War Criminals."

"The World Jewish Congress has been at war with Germany for seven years."

- Rabbi M. Perlzweig (head of the British Section of the World Jewish Congress), Toronto Evening Telegram, February 26, 1940.

"The Second World War is being fought for the defense of the fundamentals of Judaism."

- Rabbi Felix Mendlesohn, Chicago Sentinel, October 8, 1942.

"We are not denying and are not afraid to confess that this war is our war and that it is waged for the liberation of Jewry... Stronger than all fronts together is our front, that of Jewry. We are not only giving this war our financial support on which the entire war production is based, we are not only providing our full propaganda power which is the moral energy that keeps this war going. The guarantee of victory is predominantly based on weakening the enemy forces, on destroying them in their own country, within the resistance. And we are the Trojan horses in the enemy's fortress. Thousands of Jews living in Europe constitute the principal factor in the destruction of our enemy. There, our front is a fact and the most valuable aid for victory."

- Chaim Weizmann, President of the World Jewish Congress, Head of the Jewish Agency and later President of Israel, in a Speech on December 3, 1942, in New York.

"It is untrue that I or anyone else in Germany wanted war in 1939. It was wanted and provoked solely by international statesmen either of Jewish origin or working for Jewish interests.

NATIONAL SOCIALIST ICON OF THE MONTH EZRA POUND

Ezra Pound (1885 – 1972)

American expatriate poet, critic and intellectual who was a major figure of the Modernist movement in the first half of the 20th century. He is generally considered the poet most responsible for defining and promoting a modernist aesthetic in poetry. The critic Hugh Kenner said of Pound upon meeting him: "I suddenly knew that I was in the presence of the center of modernism."

Was an ardent Facist and opposed America's War vs. Germany and Italy and was tried after World War II for treason for opposition radio broadcasts.

Pound believed that the bankers in charge of the Federal Reserve and their associates in the Bank of England were responsible for getting the United States into both World Wars, in an effort to drive up government debt beyond sustainable levels (the national debt indeed rose astronomically because of the wars). The book, *Secrets Of The Federal Reserve*, charges that bankers hide behind the screen of the central banks and pull political strings to drive countries into the war, creating immense profits for themselves as the principal beneficiaries of wartime debt. Pound advocated an abandonment of the current system of money being created by private bankers. He favored government issued currency with no interest to pay, preventing the need for an income tax and national debt.
