**JEW CONTROL OF AMERICA'S MEDIA
EXPOSED**

The greatest power in the world today and manipulators of public opinion in America is NOT Barak Obama or the Pope, other Clergy or our elected Representatives.

It is the dozen men who control America's mass media of news and entertainment. This power reaches into every home in America and molds the mind of virtually every citizen, young or old, rich or poor, simple or sophisticated.

Essentially everything we know about events outside our own neighborhood or circle of acquaintances comes to us via our daily newspaper, our weekly news magazine, our radio, or our television.

It is not only the obvious suppression of certain news stories that characterizes the opinion-manipulating techniques of the media masters. It's the way the news is reported: which items are emphasized and which are played down; the reporter's choice of words, tone of voice, and facial expressions; the wording of headlines; the choice of illustrations—all of these things subliminally and yet profoundly affect the way in which we interpret the news of the day. Columnists and editors then remove any remaining doubts from our minds with cleverly worded editorials and commentaries. Employing carefully developed psychological manipulation techniques, they mold our thoughts and opinions so that we follow the fashionable "in" crowd.

The insidious thing about this form of thought control is that even when we realize that entertainment or news is biased, we can still be manipulated. All of the controlled media-television, radio, newspapers, magazines, books, and motion pictures-speak with a single voice, each reinforcing the other. Despite the appearance of variety, there is no real dissent, no alternative source of facts or ideas accessible to the public that might allow them to form opinions at odds with those of the media manipulators.

A few corporations ruled by a handful of kosher elite control the minds of the public.

The facts of Jewish media control are undeniable. According to 2000 US census figures, Jews make up only 2.5% of the total US population. Yet Jews own and control 98% of all US media. Such a massive takeover by a small minority didn't happen by chance. It was part of a long term Zionist plan to control American by brainwashing the minds of the public. By manipulating the masses that vote for and elect our corrupt politicians.

The Jews purpose is to destroy us with race mixing, homosexuality and other "fashionable" genocidal practices. Like a virus the jews destroy a society from inside out, slowly and gradually perverting it with their own special brand of poison. Don't sit by and let it happen!

The mass media gives us our image of the world and then tells us how we should think about that image.

Essentially everything we know about events outside our own neighborhood or circle of acquaintances comes to us via our daily newspaper, our weekly news magazine, our radio, or our television.

ABC/capital cities/Disney:

Capital Cities longtime chairman and CEO was JEW Michael Eisner. The Disney Empire is headed by the man described by one media analyst as a "control freak," includes several television production companies, cable networks with more than 100 million subscribers altogether. Disney also owns Miramax Films, run by the JEW Weinstein brothers, Bob and Harvey. In August 1995, Eisner acquired Capital Cities/ABC, Inc., which in turn owns ten TV stations outright in big US markets and has 225 affiliated TV stations and over 3,400 affiliated radio stations. ABC networks begin under the control of the JEW Leonard Goldenson. Disney owns publishing companies, six daily newspapers and over 20 magazines.

CBS/Viacom:

Headed by the JEW Sumner Redstone (born Murray Rothstein) Redstone owns 76 per cent of the shares of Viacom. JEW Melvin A. Karmazin is number two at Viacom and holds the positions of president and chief operating officer. Viacom produces and distributes TV programs for the three largest networks and owns 34 television stations and 180 radio stations in its Infinity radio group. It produces feature films through Paramount Pictures, headed by JEWESS Sherry Lansing (born Sherry Lee Heimann). CBS Television Network president and CEO is Les Moonves, is a JEW. JEW Al Ortiz is the senior vice president of CBS News. CBS was started by JEW William Paley and controlled later by the JEW Laurence Tisch who assured the network would remain strictly kosher. Viacom owns over 4,000 Blockbuster stores and is involved in satellite broadcasting, theme parks, video games. Viacom's chief claim to fame, however, is as the world's largest provider of cable programming through its Showtime, MTV, Nickelodeon, Black Entertainment Television, MTV's brainwashing is directed towards kids between the ages of 12 and 24, and is headed by the obscene JEW Mark Rosenthal.

AOL-Time Warner:

The largest media conglomerate in the world was created when America Online bought Time Warner for \$160 billion in 2000. The merger brought together Steve Case, a Gentile, as chairman of AOL-Time Warner, and Gerald Levin, a JEW, as the CEO. Levin overplayed his hand, and in a May 2002 showdown, the board of AOL-Time Warner fired him. AOL-Time Warner's board replaced both Levin and Case with a Negro, Richard Parsons. Beneath Parsons the Jewish influence and power remains dominant. Warner music is one of the biggest distributors in the world. Warner was an early promoter of "gangsta rap." Through its involvement with Interscope Records and it helped to popularize a genre whose graphic lyrics explicitly urge Blacks to commit hate crimes acts against Whites. Time Warner's publishing division is managed by its editor-in-chief, JEW Norman Pearlstein. He controls 50 magazines including Time, Life, Sports Illustrated, and People.

Vivendi/Universal:

Previously owned and controlled by another JEWISH media mogul. Edgar Bronfman, Jr. headed Seagram Company, the liquor giant. His father, Edgar Bronfman, Sr., is president of the World JEWISH Congress. Seagram formally owned Universal Studios. The network has since been sold to NBC.

Fox Broadcasting/News Corporation:

Jew Rupert Murdoch's rules over Fox broadcasting. Rupert's father Sir Keith Murdoch attained his prominent position in Australian society through a fortuitous marriage to the daughter of a wealthy JEWISH family; Elisabeth Joy Greene. Murdoch has always tried to hide the fact of his JEWISH roots. Murdoch has staffed most key positions with his fellow JEWS: The JEW Sandy Gurshow runs Fox Television Ent. Group; JEW Mitchell Stern heads Fox Television Stations; JEWESS Jane Friedman is chairman of Harper Collins; and JEW Thomas Rothman is chairman of 20th Century Fox Films.

Dreamworks SKG:

DreamWorks is a strictly Kosher company. Formed in 1994 amid great media hype by gay media JEW David Geffen, JEW Jeffrey Katzenberg, and film director JEW Steven Spielberg.

Columbia Pictures:

Is owned by the Japanese electronics firm Sony. However Sony's Chairman is the JEWESS Amy Pascal. Sony's music division is also headed by the JEW Andrew Lack.

Films produced by seven of the firms mentioned above accounted for 94% of the total box-office receipts for the year 2002.

NBC/GE:

The CEO of General Electric; Jeff Immelt, is surprisingly not a JEW. However his NBC media empire is still very much kosher. The national Broadcasting Company was founded by the Russian JEW immigrant David Sarnoff and ran later by his JEW son Robert Sarnoff. JEW Neal Shapiro is president of NBC News. JEW Jeff Zucker is NBC's entertainment president. JEW David M. Zaslav is president of NBC Cable.

After television news, daily newspapers are the most influential information medium in America. Sixty million of them are sold (and presumably read) each day.

Associated Press:

The AP sells content to newspapers and other media. Its chairman is The JEW Donald Newhouse. The AP's day-to-day activities are currently under the control of its managing editor the JEW Michael Silverman. The JEWESS Ann Levin is the AP's national news editor. Silverman and Levin are under The JEW Jonathan Wolman, who was promoted to senior vice president of The Associated Press in Nov 2002.

Newhouse Media empire:

The JEWISH Newhouse family owns 30 daily newspapers, 12 television broadcasting stations and 87 cable-TV systems, including some of the country's largest cable networks; some two dozen major magazines. The Company was founded by the late Samuel Newhouse, a JEWISH immigrant from Russia. When he died in 1979 at the age of 84, he bequeathed media holdings worth an estimated \$1.3 billion to his Jewish two sons, Samuel and Donald.

New York Times

With a 2002 circulation of 1,194,000 the times have become quite influential. The New York Times was founded in 1851 by two Gentiles, Henry J. Raymond and George Jones. After their deaths, it was purchased in 1896 from Jones's estate by a wealthy JEWISH publisher, Adolph Ochs. His great-greatgrandson, Arthur Sulzberger, is the paper's current publisher and the chairman of the New York Times. JEW Russell T. Lewis, is president of The NY Times. JEW Martin Nisenholtz, runs their Internet operations. The Sulzberger family also owns through the New York Times Co. 33 other newspapers, ten radio and TV broadcasting stations; and a cable-TV system.

Washington Post:

The Post, like the NY Times, had a gentile origin. It was established in 1877 by Stilson Hutchins. In June 1933 at the height of the Great Depression, the newspaper was forced into bankruptcy. It was purchased at a bankruptcy auction by Eugene Meyer, a Rich JEWISH financier and was run by his daughter TJEWESS Katherine Meyer Graham, until her death in 2001. She was the principal stockholder, chairman of the board and appointed her son, Donald Graham as the current CEO for the Post. The Jewish Graham family also own Newsweek magazine.

Wall Street Journal:

Sells 1,820,000 copies each weekday and is owned by Dow Jones & Company, Inc., a New York corporation that also publishes 24 other newspapers. The chairman and CEO of Dow Jones is the Jew Peter R. Kann. The Wall Street Journal is now owned by the Jew Murdochs News Corp.

New York Daily News:

Owned and operated by JEWISH real-estate developer Mortimer B. Zuckerman. JEW Les Goodstein, is the president and chief operating officer. JEW Zuckerman also publishes U.S. News & World Report.

Top American Radio Jew:

Ultra Zionist and Billionaire Norman J. Pattiz, is founder and chairman of Westwood One, the largest radio network in the United States with 7,500 stations. The \$3.5 billion-company is also the largest distributor of commercial radio programming. Its news programs include CBS News Radio, Fox News Radio, CBS Market Watch, CNN Radio, and the NBC Radio Network. Pattiz helped pass the Telecommunications Act of 1996, which eliminated restrictions on how many stations a company can own. Pattiz is also vice chairman of the US-based Israel Policy Forum, has been appointed chairman of the 'Middle East committee' of the U.S. Broadcasting Board of Governors (BBG). The committee represents the propaganda arm of the Middle East Initiative, which seeks to "democratize" the region against its will. In a February radio address in honor of Voice of America's 60th anniversary, Bush singled out Pattiz for his "perseverance and dedication to the project." The 'project' being the production of Arab-language propaganda for two new media outlets: The Al-hurrah satellite television network, and Radio Sawa. Our government has placed a Jew in charge of brainwashing the arabs with pro US & pro Israel media outlets.

Other rich and powerful kikes-

Another Jew, Steve Ballmer, is the CEO of Microsoft. He is also worth about \$16.6 billion. Everyone knows of the money machine Microsoft.

We can't forget Jewess **Dr. Laura Schlessinger**, the radio talk show host whose listening audience rivals that of Drug addict Rush Limbaugh. She presents herself as for family values, but strictly from a twisted Jewish point-of-view. Another famous radio Jew is the severely perverted Howard Stern.

60 minutes is severely Jewish. Produced by News Jew **Don Hewitt**. Lead by news reporter Jew Mike wallace. Jew Al Ortiz Is the vice president for CBS news. Even space is not immune to Jewish control. **Daniel Goldin**, a Jew, has been in control of NASA since 1992, a carry-over from Clinton's administration to Bush's. Goldin uses his influence to launch some satellites free of charge for Israel, while everyone else has to pay.

With all that having been said, let's discuss some of the Jews close to George Bush. We have already mentioned Colin Powell and Ari Fleischer. One of Bush's Foreign Policy Advisors, **Richard Perle**, is a known Jew with a history of sending classified government documents to the Israeli Embassy and also worked for Soltam, an Israeli company which builds weapons. Yet, he is allowed to continue working in our government. A close friend of Perle's is Jew **Paul Wolfowitz**, Bush's Deputy Defense Secretary. This list just goes on. The Jews **Robert Satloff** and **Elliott Abrams** are National Security Council Advisors. **Dov Zekheim**, Under Secretary of Defense and Comptroller, reportedly has dual citizenship with Israel.

Bush's director of homeland security was **Michael Chertoff**, a Jew.

Douglas Feith, Under Secretary of Defense and Policy Advisor at the Pentagon has even closer ties with Israel. He is closely associated with the Zionist Organization of America, and runs a law firm which has only one office - located in Israel.

Marc Grossman, a Jew, is Bush's Under Secretary of State of Political Affairs. Richard Haass, Director of Policy Planning at the State Department and Ambassador at Large, is also Director of National Security Programs and Senior fellow at the Council on Foreign Relations. He likes to promote bombing Iraq, as does **Robert Zoellick**, another Jew (U.S. Trade Representative). Other Jews include **Henry Kissinger** and **James Schlesinger** (both pentagon advisors who advocate bombing Iraq). Don't you feel secure knowing that National Security rests in the hands of Jews with close ties Israel?
Steve Goldsmith, Senior Advisor to the President, makes frequent trips to Israel.

Other Government Jews include:

Mel Sembler - President of the export-Import Bank of the United States;
Joshua Bolten - Chief Policy Director;
Adam Goldman - White House Special Liaison to the Jewish Community;
Joseph Gildenhorn - Bush Campaign's Special Liaison to the Jewish Community (also, former ambassador to Switzerland);
Christopher Gersten - Former Executive Director of the Republican Jewish Coalition. He is married to Linda Chavez, Labor Secretary;
Mark Weinberger - Assistant Secretary of the Treasury;
Samuel Bodman - Deputy Secretary of Commerce;
Bonnie Cohen - Under Secretary of State for Management;
Ruth Davis - Director of Foreign Service Institute;
Lincoln Bloomfield - Assistant Secretary of State for Political Military Affairs;
Jay Lefkowitz - General Counsel of the Office of Budget and Management;
David Frum - White House Speechwriter.

." President Nixon stated, "[People] have to realize that Jews in the U.S. control the entire information and propaganda machine, the large newspapers, the motion pictures, radio and television, and the big companies. And there is a force we have to take into consideration." Additionally, American politicians, for the most part, are controlled by Jewish plutocrats, many of whom reside in Israel, as well. This is why American politicians are hesitant to be critical of Israel. This is not some bizarre "anti-Semitic fantasy," as Jews would like some people to believe. Rather, it is a fact with which America has to admit. Indeed, as much of the Internet has heard by now, Israeli Prime Minister Ariel Sharon openly gloats about such control. On October 3, 2001, the Washington Report on Middle East Affairs noted something rather disturbing that Sharon said on Israeli public radio:
"We the Jewish people control America. And the Americans know it."
Paul Findley, a congressman from Illinois for 22 years, documented this fact quite well in his book *They Dare to Speak Out: People and Institutions Confront Israel's Lobby*. If there were no others who would corroborate Findley's findings, it

would be easy to discredit him as simply an anti-Semite. However, he cites numerous other politicians who have also pointed out this disturbing matter. Apparently, this is how it works: Jews are allowed to have dual-citizenship between the U.S. and Israel. America gives Israel \$4 billion a year that it does not pay back (and this doesn't necessarily include military secrets and hardware, plus occasional bank-bailouts and other matters). The Jews who are dual-citizens take a small portion of this \$4 billion and re-invest it in American politics, choosing U.S. politicians who are likely to support Israel. (It is believed that Israel has somewhere around 300 different political action committees working inside of America, led by Jews with dual-citizenship.) Aside from Findley's book, the book *Stealth PACs* also describes how some of these pro-Israeli groups use seemingly innocuous names to hide their pro-Israel agenda at American taxpayers' expense.

How much has this unchecked support of Israel cost American taxpayers? The well-respected economist Dr. Thomas Stauffer stated that America's financial loss due to its support of Israel is about \$1.7 trillion in today's dollars, roughly one-third of America's deficit.

Numerous political figures have gone on record about this insane support of Israel that some endorse.

In February 1957, Secretary of State John Foster Dulles promulgated, "I am aware how almost impossible it is in this country to carry out a foreign policy [in the Middle East] not approved by the Jews."

Likewise, when Chairman of the Joint Chiefs of Staff Gen. Brown asked a question: How can we stop Israel from obtaining from the Congress more foreign aid than any other nation in the world?

To this, General Brown responded:

When they get tough-minded enough to set down the Jewish influence in this country and break that lobby. It is so strong, you wouldn't believe it. Now, we have the Israelis coming to us for equipment. We say we can't probably get the Congress to support a program like this. And they say, don't worry about the Congress. We will take care of the Congress. This is somebody from another country. But they can do it.

When some Jews countered with the usual argument that Gen. Brown was merely an anti-Semite, **General M.B. Twining, a hero of WWII and the Korean War who was Commander of the U.S. Air Force, reportedly told the San Diego Union:**

“A group of powerful U.S. Jews have grotesquely distorted U.S. foreign policy in blind fanatic support of Israel, and Gen. Brown deserves praise, not criticism, for saying so. As head of our nations armed forces, he sees us--a nation of 200 million people--being dragooned into a disastrous war . . . by a ruthless lobby of Jewish-American extremists single-mindedly bent on enforcing their rule or ruin policy in the Middle East.”

Admiral Thomas Moorer of the Joint Chiefs of Staff described this alarming pattern as well:

"I've never seen a President" I don't care who he is "stand up to them [the Israelis]. It just boggles your mind. They always get what they want.... If the American people understood what grip those people have on our government, they would rise up in arms.

Jews openly gloat about their control over America. And it extends beyond Sharon's aforementioned comments, bragging about his control over America. Indeed, one popular Jewish publication even had a caricature of President Bush drawn. It depicted him as a comical wooden puppet, pulled by (Jewish) strings.

These are the facts of the Jewish control in America. Anyone willing to spend a few hours in a large library looking into current editions of yearbooks on the radio and television, into directories of newspapers and magazines; into registers of corporations and their officers, such as Standard and Poors; and into biographical reference works can easily verify their accuracy. Much can also be verified by just using Google online.
