**Demand Mr. Obama Prove  
his Eligibility and Citizenship.**

**The growing EVIDENCE is compelling:**

**Barack Obama may not be legally eligible to be U.S. President!**

**Legal Affidavits exist stating that Obama was born in Kenya -- NOT Hawaii.**

**An audio tape exists of Obama's Kenyan grandmother stating she was at Obama's birth in Kenya.**

**Hawaii Dept of Health officials will NOT publicly confirm Obama was born in Hawaii.**

**Hawaii Dept of Health officials will NOT certify Obama's birth document is authentic. Obama has only provided an unsigned, computer-generated birth form created in 2007.**

**FACT: "FactCheck.org" which "independently" "verified" Obama's certificate is an arm of the same corporate Annenberg Foundation that Obama worked for w/ radical "Weatherman" Bill Ayers.**

**U.S. Immigration Law in effect in 1961 explicitly precluded Obama's mother from giving birth to a U.S. Citizen upon foreign soil because she was not yet 19.**

**Obama may have LOST his U.S. citizenship when his mother married an Indonesian, and voluntarily relinquished HER U.S. citizenship to live in Indonesia.**

**Help get to the bottom of why President-elect Barack Obama REFUSES to disclose his original birth certificate or his medical and school records.  
What is Obama hiding?**

**Be a part of history and demand that Barack Obama produce conclusive evidence he is eligible, per the Constitution, to hold the office of President.**
